⟨NIEM⟩

Tool Submission

Domain members identify the operational needs to exchange intelligence, as well as the opportunities to share information with other domains and functions in justice and homeland security. Domain members represent the full range of operations that deal with the gathering, analysis, fusion, and dissemination of intelligence, as well as the ability to act upon it. Please submit the completed form to information@niem.gov.

Tool Name*

Tool Submitter's First Name*   **Tool Submitter's Last Name***

Tool Submitter's E-Mail*   **Tool Submitter's Phone***

I verify that this tool is acquirable and that at least one production release is available for download.*

None   Yes   No
